The Grants Assistance Program

Federal administrative agencies award billions in funding every year to state agencies, municipalities, tribes, nonprofits, private individuals and organizations.

Too often, Nevada does not receive these needed funds from lack of applications to programs. The grant application process can be intimidating at times; however, I am committed to helping guide Nevadans who are seeking grants and may need further assistance.

For more information on my office's grant program, including on letters of support or grant tracking assistance, please visit [my website](#).

Below is a list of recently announced or updated federal grant opportunities that are currently accepting applications. Please keep in mind that this is not a comprehensive list of all open grant solicitations and other opportunities may exist, so consult [Grants.gov](#) or the **Nevada Governor's Office of Federal Assistance** for more opportunities.

If you have any questions regarding a specific grant opportunity, please contact my Grants team at grants@cortezmasto.senate.gov.

Tips Before Starting the Grant Process

1. **Find out if you or your organization is eligible for a Grant.** Other government websites may be more suitable for [personal needs](#), [student loans](#), [small business assistance](#), or other [business opportunities](#) such as government contracting. The website [Government Benefits, Grants, and Financial Aid](#) may also be of help.
2. **If eligible, search for programs** at [Assistance Listings](#). Includes grants, loans, business and nonfinancial help.
3. **Check current federal grants opportunities** at [Grants.gov](#), register with [System for Award Management](#) (SAM), and apply online (links and instructions given at the website). Additional notices appear at [FedConnect](#).
4. **Create a SAM.gov account** as soon as possible, as the process to enable you to submit grant applications can be significantly delayed.
5. **Search foundations** for project funding: use the [Foundation Center](#) website or [Foundation Directory](#) to identify national, state, and community foundations.
6. **Learn how to write grant proposals:** Take the free online [Foundation Center Proposal Writing Short Course](#), or see other tips and sample proposals at Grantspace's [How Do I Write a Grant Proposal?](#)

Nevada Governor's Office of Federal Assistance

The Nevada Governor's Office of Federal Assistance (OFA) provides a range of grant-related support, including grant identification, grant training, and grant matching. Please visit [Nevada's Federal Grant Resource](#) for additional help in your grant search.

Grant Opportunities

OFA diligently adds new curated grant opportunities to their [watch list](#) weekly. All of the grants listed are open to Nevadans, but they take the time to identify who the grant is for: state agencies, local governments, tribal governments, non-profits and more.

US Digital Response Grant Identification Tool

US Digital Response (USDR) in partnership with OFA offer a tool that compiles [grant opportunities](#) for those searching for federal grants, with ease, efficiency, and ability to facilitate coordination and collaboration with fellow grant seekers.

Federal Matching

Meet Federal Matching Requirements with The Nevada Grant Matching Program. The Office of Federal Assistance Nevada Grant Matching Program is available for state agencies, local agencies, tribal governments, and nonprofits applying for federal funds within the State of Nevada who need matching funds for the federal grant opportunity they are pursuing.

The Grant Matching Program receives \$1 million in funding each state fiscal year. These funds are here to help Nevada stakeholders meet up to 50% of the required federal grant match.

Grant Assistance Program Newsletter

To qualify for the Grant Matching Program, applicants must meet specific eligibility criteria. They must be seeking a new federal competitive or discretionary grant with a matching requirement outlined in the federal Notice of Funding Opportunity (NOFO) for which they are eligible. The GMP applicant must be applying directly for the federal grant (not a subaward or subrecipient). Additionally, the federal grant opportunity must be within the organization's scope, and all other avenues to meet the required match must have been exhausted.

Save time with OFA's [eligibility checker](#). Complete this short, 3-minute assessment to determine if your project is eligible for the Nevada Grant Matching Program.
